The School of Leadership at KIIT (Deemed to be) University is built on the philosophy that education should encompass knowledge, character, vision, and leadership skills. In a rapidly changing world, leadership is about driving positive transformation. Our school aims to nurture students to address future challenges through creativity, adaptability, critical thinking, and empathy. We promote holistic development, encouraging reflexivity, emotional intelligence, and self-awareness. Our goal is to shape compassionate, purpose-driven leaders who can tackle challenges with resilience, courage, and excellence.

Prof. (Dr.) Achyuta Samanta, Founder KIIT, KISS and KIMS

KIIT (Deemed to be) University embodies progressive leadership, where serving others is paramount. Leaders need resilience, agility, and social awareness to navigate a rapidly changing world. We invite aspiring leaders to join our mission to shape responsible, innovative, and empathetic leaders. Our programs range from certification courses to degrees and research, catering to diverse interests. Whether you aim to be an entrepreneur, corporate leader, or global change-maker, our School of Leadership will foster transformative leadership and success.

Prof. (Dr.) Saranjit Singh, Vice - Chancellor

As we embark on this exciting journey, we are dedicated to cultivating the next generation of leaders who will inspire change and make a meaningful impact.
At KIIT, we believe that leadership is about more than achieving success; it's about creating positive change, empowering others, and contributing to a more just and sustainable world. Through a combination of academic rigor, experiential learning, and ethical leadership, we strive to empower students to lead with integrity, innovation, and purpose.

Prof. (Dr.) Debashis Bandyopadhyay, Pro- Vice - Chancellor

About the
School of Leadership

The KIIT School of Leadership (KSL) aims to nurture future leaders by developing key qualities, skills, and knowledge to drive positive change. As India strives for "Viksit Bharat," KSL cultivates leaders with technical expertise, initiative, and visionary foresight to foster change across sectors. Leveraging KIIT's unique strength in multidisciplinary education, KSL integrates insights from diverse fields, including business, technology, social sciences, and humanities. At KSL, we aim to develop leaders who demonstrate commitment, expertise, and passion for their work. We believe ordinary individuals can bring about extraordinary societal change through inspired social leadership. KSL equips learners to navigate business complexities while making decisions that benefit society and the environment. Our comprehensive approach instills a sense of responsibility to act ethically and sustainably, contributing to a more just and prosperous global community.
